Welcome to Mugini Secondary School Website

Background Information

Brief history of the Mugini Secondary school:

Geography: Mugini secondary school is located at Ilula village, Kandawe ward in Magu District, Tanzania. One may easily reach the school by taking the road from Magu Bus stand South ward along a tarmac road about two km from Bus stand. The surrounding area is currently populated with a potential of being highly populated in next ten years.

Most of the students enrolled are coming from Magu District, Mwanza, Busega, Bunda, Tarime and Shinyanga.

Registration: The school was established in 2013 as response to the government call for private individuals and other organization in the country to invest in education soar to assist it in its strategy of poverty reduction. It was registered in 2013 Jan. and assigned registration NO S4650. The school is a multi-denominational and co-educational allowed to enroll 420 students. Currently, it runs single stream classes of form one up to form four and it offer all basic subjects in social and national sciences. The subjects offered are: Basic Mathematics, Physics, Chemistry, Biology, Geography, History, Civics, English and Kiswahili.

Genesis of Mugini secondary school: The need for Mugini secondary school followed a logical sequence after the success in setting up of the Mugini English Medium Primary school. The question arose among stake holders as to where their children should go to attend a similar quality secondary school which would take over from MEMPES and carry on proving secondary education.

Our Faith

Mugini Secondary school is founded on strong moral principles and close relationship with God. We are proud of the diversity of faith and respect the differences of persuasion that are present.

We believe in holistic approach of life that balances the mind, body and spirit to prepare the life that balances the child to serve the world when they finish their studies.

Spiritual development is an essential part of the school program. The school therefore has employed spiritual leaders who conducts summon every Friday afternoon.

</table>

You can also prove yourself these results from NECTA data base. Our center number is S5027 Mugini secondary school.

As we always walk the talk, so do we aim at making sure that the students achieve the balance between theory and practical and that they experience bitterness in spiritual and academic journey.

Students from all over Tanzania are attracted to Mugini secondary school because of its academic and management. We believe that environment is ourselves hence care for the environment is our responsibility and therefore, we plant trees and manage our dumping appropriately.

**MEDICAL CARE:**

The school provides an up to date medical care to the students. We have a nurse who cares for the health of our beloved children. In case of serious cases Magu district Hospital which is very close to the school, will serve as our referral hospital. Parents will however, be informed in case there is a serious problem.

**DORMITORY LIFE:**

The dormitory is a home for our students. We have boys and girls dormitories where we expect them to enjoy in a good and conducive atmosphere like the dormitory life at its best. The matron and patron reside with the student in the dormitory and take care of them for twenty – four hours. Teacher are also closely supervising the student

**Project description**

1. The school vision: A country in which the youth lead morally upright and prosperous living.
2. The school mission: To inculcate morals alongside provision of normal education subjects as approved by the education ministry.
3. The school motto: Access, equality and quality education.
School objectives

i. To heed government appeal requesting civics organization and competent individuals to assist in the eradication of illiteracy by investing in education.

ii. To provide conducive teaching and learning environment attraction to the entire Tanzania community.

iii. To create more opportunities for secondary education but cannot get a chance in government schools because there are few chances.

We are aiming at proving education with a moral focus so that the children are prepared to play their role as good citizens of Tanzania, Fully developed physically, mentally and spiritually.
